PC Reservation
PC Access and Session Control

PC Reservation Time Management Software will be installed on all public Internet and word processing stations in the library. **PC Reservation only allows self log-on to patrons with a valid library card.** Patrons will be allotted two 30 minutes sessions per day, which will automatically be extended up to 90 minutes (in 15 minute increments) when there are no other patrons waiting for a computer.

We will also be installing a new coin operated printer/copier that will not only print in black and white, but also prints high quality color copies. This copier/printer will be networked to the library Internet and word processing PCs for automated printing. **The cost for printing and copying will be 15¢ for black and white and 50¢ per page for color.**

Summer Reading and Summer Fun is in Full Swing!

Check out our summer reading events on the library calendar. The theme for the summer reading program this year is **Starship Adventure @ Your Library**. Events include a magic show, bubble artist, animal show, DJ Travis' Space Show and Mad Science of Boston's hands on science experiment program.

The Bellingham Public School summer reading lists for grades 5-12 are prominently on display in the Young Adult area. Stop by and pick up (or reserve) your titles soon as these reading list titles are very much in demand.

If the title you are looking for is not available, check to see if it is one of the many titles that the library is offering for sale at a discount! The library has partnered with Barnes & Noble to offer select summer reading titles at a 10% discount and no sales tax!
