Bellingham Public Library Long Range Planning Committee Survey May 2009

We need your input! Throughout the month of May the Bellingham Public Library Long Range Planning Committee will be conducting an online survey of Bellingham residents and library users. The Long Range Plan is a 5 year document that is used to plan for library services. You can complete the survey online at www.bellinghamlibrary.org or pick up a paper copy at the library.

Sign up for Summer Reading Program On June 1st

On June 1st students will be able to sign up for the Bellingham Public Library SummerReading Program. Online registration will be available on the "Programs for kids" page of the Bellingham Library website, www.bellinghamlibrary.org/childrens.htm or you can sign up at the library. The theme for the statewide summer reading program this year is Starship Adventure @ Your Library. Events will include a magic show, bubble artist, animal show, DJ Travis' Space Show and Mad Science of Boston's hands on science experiment program. We look forward to a fun, educational and event-filled summer and hope you can join us for the annual summer reading events!

Video Games @ the Bellingham Library

With funding from a Federal Library Services & Technology Act, the library has been able to begin a small but growing collection of video games. We currently loan video games for Wii, Xbox, Playstation2, PC's and Mac's. These are very popular so if they are already checked out, we encourage you to put your name on the waiting list for them. You can request them either online or the library staff will place the hold for you.
